- › Weight: 2.5 kg

*1 Available with future firmware update *2 Service availability depends on region *3 Available for free download from the App Store/the Google Play™

USAGE EXAMPLES

MRX-5(B) CUP

Wireless Multi-room Audio

The MRX-5 supports FireConnect™ powered by Blackfire Research*. FireConnect™ is a stable wireless protocol that mirrors any audio source connected to a compatible audio product in your main room—from vinyl to streaming audio—on the MRX-5 wireless speaker in another room.

* Multi-room Audio is realized by FireConnect™ technology. FireConnect™ is a technology of Blackfire Research Corp, USA, available with firmware update.

Chromecast built-in

The MRX-5 has Chromecast built-in, so you can use your mobile device to stream music, radio, or podcasts to your speaker. You can control the audio from anywhere in the house using Chromecast-enabled apps running on your personal device—iPhone, iPad, Android phone and tablet, Mac and Windows laptop, and Chromebook.

* Chromecast built-in will be available with future firmware update.

Internet Radio & Online Music

Enjoy a limitless flow of music, sports, talk, and news entertainment from internet radio stations and online music services, including Spotify*, TuneIn, TIDAL, and Deezer.

Two Large Woofers

The MRX-5 has two large woofers, 77 mm each, that delivers dynamic deep bass from the compact speaker.

Easy Wi-Fi Setup

Setup can't be easier! Just connect your device via the AUX terminal for the initial settings.

Built-in Dual Band Wi-Fi

Enjoy network features such as audio streaming via wireless LAN connection. The built-in Wi-Fi is dual band, supporting both 5 GHz and 2.4 GHz frequency channels. By using the 5 GHz band, you can enjoy steady and uninterrupted streaming of audio files.

Built-in Bluetooth® Wireless Technology

With Bluetooth® Wireless Technology (ver. 4.1+LE), you can easily stream songs from compatible devices. The MRX-5 features A2DP/AVRCP profiles, with support for SBC/AAC codecs.

Built-in Rechargeable Battery

Listen to songs wherever you like. With a built-in battery, the MRX-5 can be easily carried from room to room, for up to approximately 4 hours of uninterrupted audio playback at maximum volume.

* Playback time may differ depending on usage.

Stereo Mode By FireConnect™ Technology

With Stereo Mode, two MRX-5 speakers can be combined to be used as the left and right speakers.

* Available with future firmware update

Pioneer Remote App Ready

Enjoy smooth operation using your beloved device. With the free Pioneer Remote app, you can use your iPad/iPhone/iPod touch or Android device such as a smartphone for operating the wireless speaker, or play back tunes stored on your smartphone. You can also select internet radio stations, and playback songs from your media server.

* The speaker needs to be connected to a home LAN network in a wireless LAN environment.
