# HELICON 300 MK2

Stylish in the understated elegance of its sleek lines, HELICON 300 MK2 makes a proud addition to any contemporary interior.

Providing unrivalled full-frequency sound from a compact enclosure, HELICON 300 MK2 atop its matching dedicated STAND (accessory) delivers forceful, dynamic sound from a system of modest dimensions.

Taking full advantage of the wealth of knowledge and experience acquired during the development of its larger siblings, HELICON 300 MK2 concentrates the effortless power and breathtaking subtlety that have become HELICON trademarks in a luxurious, compact system that puts many larger speakers to shame.

## SPECIFICATIONS

|                                                     |                   |
|-----------------------------------------------------|-------------------|
| Frequency range (+/- 3dB) [Hz]:                     | 37,0 - 27,0       |
| Sensitivity (2,83 V/1 m) [dB]:                      | 86,0              |
| Nominal impedance [ohms]:                           | 4                 |
| Maximum SPL [dB]:                                   | 108,0             |
| Recommended amplifier power [W]:                    | 50,0 - 200,0      |
| Crossover frequencies:                              | 3.400/13.000      |
| Hybrid tweeter module, Super high frequency driver: | Ribbon            |
| Hybrid tweeter module, High frequency driver:       | Soft textile dome |
| Low frequency driver:                               | Wood fibre cone   |
| Enclosure type:                                     | Bass reflex       |
| Bass reflex tuning frequency [Hz]:                  | 34,5              |
| Connection output(s):                               | Bi-wire           |
| Recommended placement:                              | Stand; Shelf      |
| Loudspeaker type:                                   | Front; Rear       |
| Magnetic shielding:                                 | No                |
| Max loudspeaker dimensions incl. base and grille    | 435 X 208 X 356   |
| Loudspeaker weight including base and grille [kg]:  | 9,8               |
