

# ROCK

The Rock is a speaker in the shape of a rock, blending into the background when used in a garden. Thanks to the special bass reflex it has a powerful sound dispersal (up to 130W) and can produce excellent sound quality over a wide area. The Rock is also available in PA (100V system)

COLOURS grey / brown

The Rock is actually made to disappear, between high grass, rocks, flowers and plants. You may not see it, but you'll hear it just the same.
