

KURV

Organic means "characterized by a harmonious relationship between the elements of a whole".

In short, derived from and consumed in its natural setting.

Only a timeless design can help bring this about, one which combines opposites: sleek, but pliant; refined yet tough; both water-resistant and sun-proof. Superior design for an affordable price. A style icon with warm vibrations.

In fact, too many qualities to fit into just one sentence. That's why we've christened it KURV. Literally, pure and undiluted, a powerful loudspeaker which caresses the eyes and ears.

COLOURS white / quartz

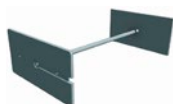

TECHNICAL SPECIFICATIONS

aluminium grill

extra
ref. BRACKET KURV

range	<50 m ²
system	2-way
woofer	5,25 mica polypropylene
tweeter	0,5 PEI dome
amp power	20 W - 100 W (recommended)
max. power (100V)	7,5 - 15 - 30W
sensitivity	85dB
impedance	6Ω
frequency range	60Hz - 20kHz
dimensions (h x w x d)	312 x 390 x 212mm
weight / piece	7,6kg
housing	glass fibre
	waterproof
	UV resistant
colour	white / quartz
extra	ground anchor
