Sound For What You See

The Home CINEMA Series

Six new models bring your movies and music to life based on whether your needs are slim and discreet or spacious and grand.

Sounds Better Than the Theatre

A tingle down the spine
A ring in the ears
In the movies, sound moves you
Just as much as its stars
But too often, audio is overlooked
At Marantz, we see sound differently
So we're changing the game
With a warm, enveloping,
one-of-a-kind sound
That's expertly crafted for home cinema
Finally, it's sound for what you see

Crafted by Artisans

Engineered in Japan and meticulously tuned by our Sound Master, the golden ears of Marantz, each piece is expertly crafted for home cinema. The result: entertainment as it's meant to be heard.

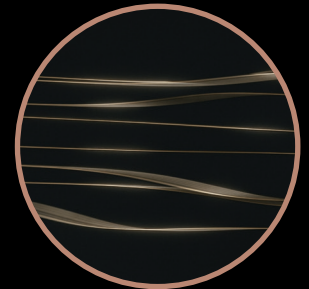

Advanced Technology

The new CINEMA Series high-performance sound is driven by state-of-the-art technology and features, including the latest in immersive audio formats, 8K video, room optimization, streaming, and more.

Sleek and Streamlined

Luxurious accents, elevated materials, and inspired style complement stunning sound. CINEMA Series perfectly fits your lifestyle.

Elegantly Effortless

Listen and watch with sound that's tailored to you. CINEMA Series is easy to use, install, and manage, with integrated voice assistants, a modern TV interface, and greater customization than ever before.

AV 10 and AMP 10

The Apex of Home Cinema

Power your ultimate home theatre. Built with proprietary Marantz HDAM technology, the AV 10 and AMP 10 work together to create an elite, reference-level entertainment system. This seamless pair features 16-channel amplification from the AMP 10 matched by discrete circuitry and seven HDMI inputs from the AV 10.

The Height of Cinema

Experience the peak of Marantz power, performance, and style. With state-of-the-art immersive technology, the new AV 10 and AMP 10 pair is the sound directors dream of. Coming March 2023, this duo will also be available with Dirac Live®, giving you access to professional-grade room tuning. The upgrade delivers a larger sweet spot, accurate staging, voice intelligibility, and deeper bass—all fully tunable to your preference.

CINEMA 40

Designed for a large-scale home theatre, this 9.4 channel AV amplifier defines premium performance. With 9x125 watts of legendary Marantz amplification, CINEMA 40 drives feature films with true power and cinematic excellence.

marantz

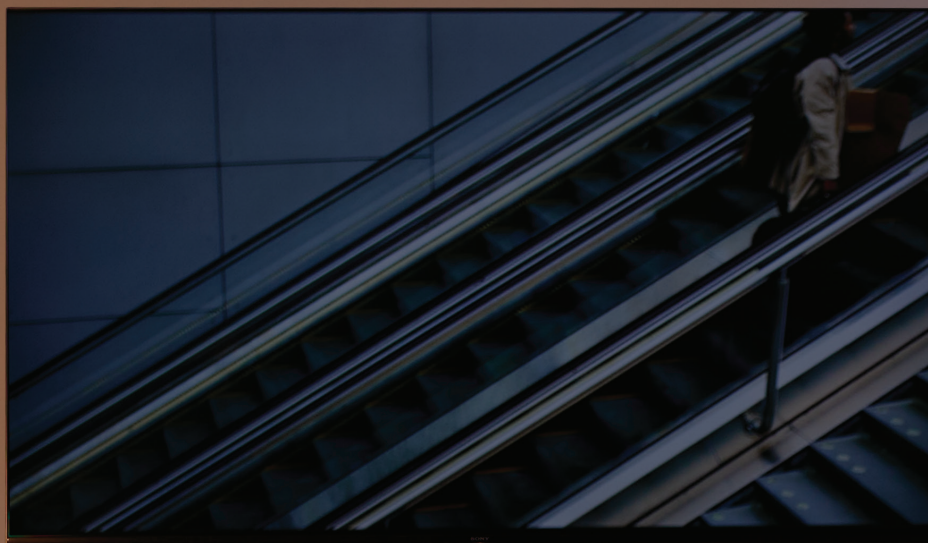

CINEMA 50

CINEMA 50 is the command-and-control centre of your home's entertainment universe. With 9.4 channels and advanced technology you can customize loudspeaker arrangements, tune specifically to your room, and enjoy a perfect mix of music and movies.

CINEMA 60

Transform your living space into a full-sensory cinematic experience. CINEMA 60 is foundational luxury home entertainment. 7.2 channels, the sharpest 8K video, and 100 watts of legendary Marantz power per channel create an immersive environment precisely tailored to your home.

CINEMA 60

CINEMA 70s

Like the most intriguing details in classic films, our slimline receiver is subtle and inconspicuous. CINEMA 70s presents you with all the finest details of sound and film, yet remains discreet, compact, and elegant. Perfect for smaller areas, this 7.2 channel receiver fills your room with spacious, warm, and realistic sound.
