

TORSTEN™

Jamo® 360 series

Introducing the Jamo Torsten™ – the first ever high-fidelity soundbar from the company with a 45 year history of designer, high-performance lifestyle audio products. Continuing the Jamo legacy of form following function, the Jamo Torsten incorporates modern Danish-inspired design philosophy of soft lines, monochromatic color, and natural textures with the latest technologies in premium wireless audio to bring you the absolute leading product in the integrated home theater market.
