## S 62 CEN

## Design

The Jamo S 62 CEN center channel speaker makes an outstanding choice for the ideal cinematic experience or the best in multi-channel sound. Available in White Ash, Dark Apple or Black Ash the S 62 CEN can be wall-mounted via keyhole mounts or placed on a video shelf. The front fabric grille is easily removable, allowing you to decide which look you prefer. The S 62 CEN is the perfect matching center channel speaker for the entire Studio 620 Series.

## Technology

- 1-inch (25 cm) soft dome tweeter/dual 4-inch (102 cm) aluminized woofers.
- Bass-reflex design with flared, rear-firing port: Increases speaker efficiency and bass output.
- Waveguide: A unique tweeter faceplate that provides more uniform dispersion in the critical frequency range of 2-10 kHz. Dynamics and clarity are enhanced while distortion is significantly reduced.
- Centre-plug: Replaces the typical dust cap and eliminates cone breakup, for a woofer with faster "attack" and tighter, more natural bass.
- Aluminized woofers: Increase driver cone rigidity for solid bass reproduction.
- Magnetically shielded: Placement near a legacy "CRT" TV will not distort its picture.
- 5-way binding posts: Allows for multiple connection options with wire up to 12 gauge (AWG).
